- General Options

Auton TX offers users lightning-fast real-time market data and advanced charting tools with 20+ technical indicators, helping users to identify trends and determine buy/sell decision intelligently. With its embedded algo trade function, users can create, edit or convert other algo scripts for trading.

- Built-in algorithmic trading engine enables users to script their own automated trading strategies.
- Professional charting system with 20+ technical indicators is ready to cater to user's preferences.

Key Benefits:

- Professional and intuitive interface
- Algo trading kit
- Support iPhone, iPad and Android
- Variety charting tools
- Market news
- Supporting SFC of Hong Kong, FCA of United Kingdom, ASIC of Australia, FSA, FFAJ and JSDA of Japan and other regulatory bodies' trading and reporting requirements

An Algo-Ready OTC Trading Platform

True Multi-Asset Trading Platform

All the tools, technologies, multi-asset exchange connectivity and execution capabilities that investors need are provided in a single platform.

Algo Trading Kit

As an algorithmic trading platform, Auton TX enables users to develop, simulate, backtest and automate any quantitative trading strategy for any market.

Advanced Charting and TA

A number of chart styles with TA tools are available to suit users' needs and preferences when analyzing historic price data. These include Bollinger Bands, Moving Average, Fast/Slow Stochastic, Price Oscillator and MACD.

Mobile Apps Ready

Auton keeps you updated on your trading with easy access from all devices (iPhone, iPad, Android and PC). You can enjoy the convenience of placing orders and monitoring positions anytime and anywhere on the go.
